### WUFI Passive Free 3.0

WUFI® Plus Free and WUFI® Passive Free are two no-cost versions of WUFI® Plus and WUFI® Passive. They are thermal-only versions and limited in features. Parts of the software have been supported by Germany's Federal Ministry for Economic Affairs and Energy.

Contrary to the full versions, the no-cost versions don't provide calculations of moisture transport and storage. Furthermore, the user-defined entries in the database and export functions are limited. The use of both versions is limited to 1 year.

For more information please refer to our detailed description of [WUFI® Passive Free](#)

**Thank you for your interest in our Software.**

You will receive an email with the download link and your personal license key within a few minutes.

- Go to your email inbox, and look for your email from the WUFI team. Follow the link in the email to download the software, and use your Name/Company/License Key to install the program.
