

# Not My Scope!

A Phius Project Quiz Show for the Whole Team

Greta Tjeltveit, Phius Rater/Verifier

Building Science Consultant, 4EA Building Science

phius con

MILWAUKEE 2025

The background features a stylized, semi-transparent illustration of Spider-Man in his classic red and blue suit. He is depicted in several different poses: some are pointing forward, some are in dynamic action stances, and one is seen from the back. The background also includes faint elements like a sign with 'AY PD' and some architectural lines.

# Introductions

The background of the slide features a repeating pattern of Spider-Man in his classic red and blue suit. He is depicted in various poses, most notably pointing his index fingers towards the center of the slide. The pattern is semi-transparent, allowing the text to be clearly visible. In the upper left corner, there is a faint, stylized graphic of a white van with the letters 'AY PD' on its side.

# Why Does This Session Matter?

- Scope confusion can lead to delays, added costs, and possibly certification issues.
- Clearer scopes can help make projects run smoother and reduce finger-pointing.

The background of the slide features a repeating pattern of Spider-Man in his classic red and blue suit. He is depicted in a dynamic pose, pointing his right index finger towards the center of the frame. The pattern is semi-transparent, allowing the text to be clearly visible. In the upper left corner, a portion of a white vehicle with the letters 'AY PD' is visible. In the lower left corner, the '4EA' logo is present.

# Format

Riff on NPR's weekly news quiz show "Wait Wait...Don't Tell Me!"

- Whose Scope Is It This Time?
  - Scope or Nope?
  - Not My Scope!
- Scope-Slip Rhyme Script
- Dense Pack the Answer

The background features a repeating pattern of Spider-Man in his classic red and blue suit. He is shown in various dynamic poses, such as pointing, flexing, and crouching. The illustration is in a comic book style with bold outlines and a muted color palette. In the top left corner, there is a faint, stylized logo that reads "AY PD".

# Whose Scope Is It This Time?

*(aka Who's Bill This Time?)*

The background features a repeating pattern of Spider-Man in his classic red and blue suit. He is depicted in a dynamic pose, pointing his right index finger towards the center of the frame. The pattern is semi-transparent, allowing the text to be clearly visible. In the upper left corner, a portion of a white sign with the letters 'AY PD' is visible. The overall color palette is dominated by the red, blue, and white of Spider-Man's suit, with a light grey background.

# Scope or Nope?

(aka *Bluff The Listener*)

The background is a light-colored illustration featuring multiple instances of Spider-Man in his classic red and blue suit. He is depicted in various poses, all pointing his right index finger towards the center of the image. The background includes faint outlines of a building with a sign that says "AY PD" and some tires.

# Not My Scope!

*(aka Not My Job!)*

A background illustration featuring multiple Spider-Man characters in various poses, some pointing, set against a light-colored background with faint architectural elements like a sign that says 'Y PD' and a tire.

# Scope-Slip Rhyme Script

(aka *Listener Limerick Challenge*)

The background of the entire image is a repeating pattern of Spider-Man in his classic red and blue suit. He is shown in various dynamic poses, such as pointing, lunging, and standing with arms outstretched. The pattern is semi-transparent, allowing the text to be clearly visible over it.

# Dense Pack The Answer

(aka *Lighting Fill-In-The-Blank*)

The background of the slide features a repeating pattern of Spider-Man in his classic red and blue suit. He is depicted in various poses, most notably with one arm extended and the index finger pointing, as if he is blaming someone. This visual metaphor is used to illustrate the concept of 'finger-pointing' mentioned in the text. The Spider-Man figures are semi-transparent and overlap each other, creating a busy, chaotic background.

# Conclusions

- Clear scopes keep projects on track, reduce costs, and minimize finger-pointing.
- Taking the time upfront to define roles and responsibilities makes collaboration smoother and helps avoid delays or certification issues.
